Dental Hygiene Applicant Selection Process

I. Introduction and Overview of the Selection Process

During phase 1 of the selection process, your application for the Dental Hygiene program is received and if it meets the admission requirements, it will be academically ranked according to overall average. A given number of the top ranked applicants will then enter into **phase 2 of the selection process**. These applicants with the highest academic averages will be asked to submit a portfolio and will be assessed on their previous post-secondary education. The portfolio and relevant post-secondary education will be evaluated by a selection committee comprised of program staff and may include representation from the dental hygiene profession.

In the phase 2 selection process, all applicants will be ranked according to the following criteria:

Admission requirements course average	70%
Relevant/related post-secondary education *	10%
Applicant's portfolio	20%

* Relevant post-secondary education would include courses, certificates, diplomas or degrees in the health field, biological/human sciences, sociology, psychology or communications. Relevant post-secondary education demonstrates your ability to achieve success in a post-secondary program. All transcripts submitted in support of your application must be sent directly from the institution to Registration Services **prior to the phase 1, March 1st, deadline date**.

A portfolio is a unique collection of materials with reflections that provide evidence of your knowledge, skills and competencies gained from education, work and life experiences. It exhibits evidence of your efforts, achievements and progress over a period of time. Portfolio evidence tells the Dental Hygiene Program Selection Committee who you are (attitudes and behaviours), demonstrates what you know (knowledge) and reveals what you can do (skills).

Once you have completed your application portfolio, the selection committee will have a better understanding of you, and you will also have a better grasp of your strengths and talents.

This guide is designed to offer a practical, step-by-step process to portfolio development for applicants to the Dental Hygiene program at Saskatchewan Polytechnic. It will demonstrate that you have the skills, attitudes and motivation to be successful both in the Saskatchewan Polytechnic Dental Hygiene program and the profession of dental hygiene. It should provide critical information about you that a résumé alone will not.

II. Specific Information for Creating your Dental Hygiene Portfolio

Note: E-Portfolio must be received by 11:59pm April 15, 2024.

Email a zip drive to belmoren@saskpolytech.ca.

**Please make sure subject line clearly states:
“Dental Hygiene Portfolio – LAST NAME, FIRST NAME”**

A. Materials Required

You will need:

- Access to Microsoft PowerPoint software.

Important Note:

- **Do not submit any original certificates, documents or awards.**
- **The E-portfolios are kept on a secure flash drive, and only those on the selection committee are able to view them.**

B. Contents of the E-Portfolio

1. **An opening slide:** Please refer to [Appendix A](#) for a sample.
2. **A table of contents:** A table of contents will allow the committee to easily peruse your portfolio. Please paginate contents of the portfolio.
3. **Employment history:** This consists of your detailed résumé, including both paid and unpaid (volunteer) work experience. You should include where you worked; a position title and description; and the dates of employment for each position. All work experiences completed within the past five years should be validated by a letter from the employer, agency, etc. A form letter for the validation has been included in [Appendix B](#). The program may contact employers to verify information submitted on the validation form. All validation forms/letters should be arranged in the same order as the work experiences appear in the resume.

Resume and validation letters must be a separate word document.

4. **A reflective Essay of Traits:** Please explain why you think you will be an excellent dental hygienist. What attributes do you possess and how might they relate to a career in dental hygiene? Reflect on your life and school experiences. What makes you unique?

The reflective Essay of Traits must be a separate Microsoft Word document.

The essay will be typed using Times New Roman, Arial or Calibri size 12 font, double spaced and approximately 500 words. Use 1-inch (2.5 cm) margins throughout. Please refer to [Appendix D](#) for the evaluation rubric.

In the essay you should include:

- the skills, attitudes, knowledge and strengths you feel you possess
- a description of where, when and how you developed these attributes
- reflection on how your attributes are meaningful and related to the role of a dental hygienist
- explanation of the evidence that confirms you possess each of the attributes you have cited. Please refer to the subsequent section for detailed information on submission of evidence.

The skills, knowledge and attitudes required to be a successful dental hygienist are documented in many places. Please refer to [Appendix C](#) for a list of essential work skills that you could use to determine your strengths. Another source of information is the Canadian Dental Hygienists Association web site www.cdha.ca.

The following questions may help you with this section:

- What are your strongest skills?
- What are your major accomplishments?
- What are your greatest strengths and challenges?
- How do your skills and strengths relate to dental hygiene?
- What are three words that best describe you?
- What sparked your interest in dental hygiene?

III. Detailed Information for Collection of Evidence

You must include evidence in your portfolio to validate the statements you make in the Essay of Traits. This evidence will allow the selection committee to gain a clear picture of your strengths and to form an accurate assessment of your potential as a student in the Dental Hygiene program. By using the portfolio method, you have an opportunity to demonstrate why you are right for this profession. **Remember, quantity of evidence is not as important as quality of evidence.** Be discriminating and only submit evidence that clearly demonstrates skills, knowledge or attitudes. Be succinct!

A. Types of Evidence

There are a variety of types of evidence that you might submit in your portfolio.

- Work and school products such as reports, memos, proposals and activity plans.
- Papers, projects, reports, presentations and assignments tests/examinations that you completed personally or completed as a team member for work/learning purposes.
- Photographs of **relevant** hobbies and interests, i.e., evidence of manual dexterity.
- Certificates of education/training programs.
- Letters and expressions of appreciation.
- Certificates of attendance from workshops and training sessions.

- Employment reports and evaluations.
- Notification letters of scholarships, awards, etc.
- Descriptions of work-based learning.
- Documentation of volunteer activities.
- Reflection on evidence

B. Reflection on Evidence

- Identify what the evidence is. For example, explain that the certificate is an award for demonstrating leadership in an activity.
- **Describe how this evidence has helped you prepare for a career in dental hygiene.**
- Provide the date you received the award and the time frame in which you demonstrated these leadership abilities.
- Identify yourself in a group photograph.

C. Organization of Evidence

- Arrange all the validation letters/forms in the same order as the experiences appear in the resume and essay.

D. Labeling Evidence

- Reference each article of evidence within the essay.
- Use a method of referencing that is clear enough so the reader can easily locate the evidence.

E. Final Checklist of Evidence

- ☐ Important: Once you have organized and compiled your evidence file, you may want to have a knowledgeable friend check it and provide objective feedback.
- ☐ Have I arranged all documents in a zip drive?
- ☐ Have I included the best samples of my skills and knowledge?
- ☐ Have I included any confidential material or included any names? If I have, have I received written permission and taken precautions to protect identities?
- ☐ Have I checked my grammar and spelling or had another person edit for mistakes?
- ☐ Have I made sure that each piece of evidence is necessary, labelled and referenced? Did I provide a reflection for each piece of evidence including how it has prepared you for a career in dental hygiene?
- ☐ Have I included validation of work and volunteer experiences?
- ☐ Have I arranged all the validation forms/letters in the same order as the experiences appear in the resume?

IV. Portfolio Assessment

The selection committee will evaluate your evidence using the rubrics included in Appendix D. Using the criteria included in each of the rubrics as a guide will help you to create a portfolio that will meet the expected standards.

V. Common Errors:

- Failure to follow the rubrics provided in Appendix D
- Missing reflections on provided evidence (see Part III section B)
- Failure to provide separate documents when indicated (i.e., essay of traits, resume, and validation letters)
- No validation letters/evidence
